

Recovery Month 2026 Schedule

SEE THE POSSIBILITIES !

Embrace Recovery

National Recovery Month, which began in 1989, is observed every September to promote and support evidence-based treatment and recovery practices, celebrate the nation’s strong and proud recovery community, and recognize the dedication of service providers and communities who make recovery possible. National Recovery Month is a national observance led by SAMHSA. Trinity Behavioral Care aims to increase public awareness of mental health and addiction recovery in Marion, Dillon, and Marlboro Counties. This year, we would like to incorporate the colors purple and green. Purple symbolizes recovery, while green represents growth and stability.
